Applicant makes the following statements pursuant to 37 C.F.R. §1.173(c) for the reissue continuation application of the above-identified patent:

1. The status of the claims as a result of the amendment submitted herewith is as follows:

Claims cancelled:	claims 1-10 of the original patent are cancelled for this reissue continuation application; claims 1-10 of the original patent remain in Reissue Application No. 10/457,958.
Claims amended:	none.
Claims added:	11-22.

2. Support for changes to the claims is as follows:

The new claims are not unnecessarily broad by not including a measurement system for measuring blood or gas content, saturation, affinity or perfusion. The new claims involve devices that include a measurement system for measuring blood or gas content, saturation, affinity or perfusion. Support for the new claims can be found throughout the specification, for example, at column 1, lines 28 – 36; column 2, lines 1 – 12; column 3, lines 13 – 24; column 4, line 17 through column 5, line 17, and Figures 1 -4.

Respectfully Submitted,
